

INDIA AMAREE

India Lock is a voice and movement for the future. Her strength and talents go beyond her amazing vocal and acting ability. She is also a young person with depth, empathy, and care to make the world a better place.

India has been blessed with a soulful voice and charismatic stage presence. She is working hard on her goal of being a future EGOT (Emmy, Grammy, Oscar, Tony). A native of Milwaukee, WI, India sites her roots in the church and Stellar Award nominated father, Pastor Marlon Lock, as her early inspirations. At just 4 years old, you could find India in her room with a mini piano and drum set composing music. This sixteen year old powerhouse immediately captures the attention of audiences everywhere. Influenced by musicians from across all generations, genres, and styles, she hopes to create music and art that inspires, empowers, and hope. Her sincerest desire is to be a light that shines so bright in the world that it gives other girls the courage to let their light shine despite any circumstances.

India is also an award winning stage actress as part of her local show choir team. She credits show choir with sharpening her understanding and broadening her understanding of how beautiful musical theatre is and the amazing teamwork and opportunities that happen in that environment.

In addition to her art, India is very dedicated to her studies and maintains a 4.0 GPA and hopes to one day be a part of the team that finds a cure for cancer through the healing powers of music therapy. Philanthropic work is so close to her heart, she volunteers throughout the city of Milwaukee regularly which has been noted as having the most impoverished and crime riddled zip codes in the country. She also can be found most weekends singing with the praise and worship team, choir or liturgical dance team at her church. In between recording and competing in show choir, she enjoys spending time with her parents, four siblings, and friends.

India released her debut single, Victory in June 2020 on the worlds largest streaming platforms. There is also an accompanying visual that's available for viewing on her YouTube channel.
